### Material

The table top is composed of 0.75" x 3.5" (1" x 4" nominal dimensions) recycled plastic planks made of 95% recycled content by weight.

The table frame and supports are made of 10-gauge steel.

### Features

This table meets federal ADA requirements.

Counter height table supports have a radiused edge for accurate frame-to-frame alignment for communal dining set-ups. The table top features an optional 1.64" umbrella hole in the center.

The table is designed to be portable for flexibility in placement. Each foot features a stainless steel adjustable glide for leveling and to protect your floors. **Optional hold down kit sold separately.**

### Finish

The recycled plastic planks are impervious to moisture and corrosion, do not require the application of sealants or preservatives, and will never need painting or staining throughout the product's life.

Fade-resistant, powder coated steel features a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

### Assembly

This product requires some assembly. The table top ships pre-assembled. Stainless steel assembly hardware is included. Leveling foot glides may require adjustment.

### Color

See website or sales representative for color choices.

### Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.
