

Grosfillex is known for their design and production of **high-quality resin furniture** for both commercial and residential use. This furniture is **stackable**, lightweight, affordable and antimicrobial.

Anova creates **heavy duty**, low-maintenance furniture. Materials such as coated metal, thermally modified hardwood and recycled plastics are available. Their designs are built to last and **can be permanently attached to most surfaces**.

TROPITONE
— BEAUTIFULLY CRAFTED, TIME TESTED —

Tropitone offers a comprehensive range of **premium outdoor furniture** tailored for both commercial and residential use. They are known for their stackable chairs and beautiful high end chairs and couches.

 **Lloyd Flanders**

Lloyd Flanders expertly blends premium **natural wicker weaves** with durable aluminum frames to create elegant commercial grade solutions. They are also known for their **teak furniture options and high end sofa sets.**
